NOTICE.

SINCE the burning of their BANKING HOUSE, the COMMERCIAL BANK has been removed to the Brick Building on Main street, where the Office of the Bank was formerly kept.

NOTICE.

UPON opening the matters of this Bill and it appearing to the satisfaction of the Court that the defendant George Beal is not an inhabitant of this State, but resides beyond the limits thereof so that the ordinary process of law cannot be served upon him, it is therefore ordered by the Court, that unless the said defendant appear before the judge of the Circuit Court of the county of Bolivar, at the Court house in Bolivar, on or before the first Monday of April next, and plead, and answer or demur to this bill, the several allegations thereof will be taken for confessed, and such order or decree made therein as may be deemed equitable or just. It is further ordered that a copy of this order be published in the Yazoo City Whig once a week for two months successively.

FOR SALE.

SEVERAL hundred dollars of Benton and Manchester Rail Road and Banking Company Notes. Terms moderate.

\$20 REWARD.

RANAWAY on the 26th ult. my negro man named HENRY, about 22 years old, a dark mulatto, tall and walks erect, bushy head of hair but he often combs it out smooth and straight; he is a good coachman and waiter, and is well known in Vicksburg, Yazoo City and Benton. It is probable he will endeavor to get to Yazoo City, unless, as I have reason to think, he was enticed off by a man who calls himself Wilson, who has been making propositions to Henry and several other negroes in the neighborhood. He was formerly the property of J. R. Creecy in Yazoo. The above reward and all reasonable expenses will be paid for his delivery to the jailor at Vicksburg.

THE AMERICAN AGRICULTURIST.

Edited by A. B. ALLEN. PUBLISHED BY SAKTON & MILES, 205, BROADWAY, NEW YORK.

THE AMERICAN AGRICULTURIST.

THE Publishers desire to call particular attention to this excellent periodical. Its editor has been long known as a practical farmer and stock-raiser, and in addition, has had the advantage of extensive traveling and observation of the different practices of agriculture, both in his own country and in Europe; and is most ably assisted in the conduct of his paper by correspondents, in the Canada, the several States and Territories of the Union, the West India Islands, and different countries from abroad, thus making the AMERICAN AGRICULTURIST, the most varied and useful work of its class ever yet published. It has received the marked commendation of the press generally as well as that of the most practical and scientific farmers of the country. Volume III will commence on the 1st of January, 1844, with a promising subscription list as any other agricultural periodical ever issued in the United States.

THE AMERICAN AGRICULTURIST.

When we reflect upon the amount of valuable practical matter annually given to the public in the American Agriculturist, we are struck with astonishment that every farmer on the continent is not a subscriber. It is fairly and so early asserted, that if the precepts incorporated in a single volume of this periodical were carried into full practice by the tillers of the soil, it would be the means of adding millions to the productive wealth of the country. To bring the thing home, individually, if any person subscribing for this paper, and faithfully perusing it, will come forward at the end of the year, and honestly say that he is not benefited five, yes, ten times amount of such subscription, we will return him his money, and take back the work. We ask for nothing for which we are sure we shall give back tenfold.

THE AMERICAN AGRICULTURIST.

THE form of our periodical is the most convenient possible for general reading, and alike admirable for binding the beauty of the typography, engravings, and paper, is unexcelled. All these will be continued in our Third Volume, together with such improvements in addition, as the rapid progress of this enlightening age is constantly making. Situated in the great metropolis of America, to which everything tends, it enables us to first seize on all the latest news, and keep it in periodical in constant advance of any other published in the United States.

THE AMERICAN AGRICULTURIST.

Each number of the Agriculturist contains but one sheet, subject to newspaper postage only, which is ONE CENT in the United States, and ONE CENT in foreign countries. It is sent by mail to subscribers, and is a valuable book, and makes a handsome premium for distribution with Agricultural Societies, to which, when several copies are ordered, a liberal discount will be made. Postmasters, Merchants, and all friends of Agriculture, are requested to act as agents. Any one can constitute himself an agent by remitting us the amount of three or more subscribers deducting the commission allowed by our terms.

DR. CAMPBION'S

VEGETABLE AGUE MEDICINE.

A safe and certain cure for Chills and Fever in all its complicated forms, also an effectual remedy for Fever of every description.

THIS Medicine has been used by the proprietor a number of years, in extensive practice, during which time he has treated some thousands of cases of Fever, and from the success in this mode of practice, he is confident it must and will be the prevailing practice in Fevers.

It never fails to cure the chills and fever the first day. Billious, Typhus, Nervous, Congestive, and Winter Fevers all yield to the use of this medicine, and are cured in a shorter time, and with much more certainty than by any other system of practice that has ever been recommended.

Certificates.
Gulistan Co., Illinois, April 18, 1842.
Dr. CAMPBION—Dear Sir—Within the last 12 months I have been using your Anti-Bilious and Ague Pills, in my practice to a considerable extent, and I have found them to be productive of superior effects in the cure of Fever and many other cases. It is difficult to get them here, their character standing so high in all the south part of this State that they are all bought up, and consequently it is very hard to get a sufficient quantity of them. You will confer a great favor on the inhabitants of this county by forwarding a good supply of your medicine to this place.

A. A. WOOLF, M. D.
Tulalaga Co., Ala., May 21, 1842.
This is to certify that during the past year I have made use of Dr. Campbell's Ague Medicine in my practice, and out of twenty-two boxes (all I had) I never failed of effecting a permanent removal of the disease, and in no single case did a patient take more than half a box. I can, with strict veracity, and do with great pleasure say that I believe it to be the safest, and most effectual remedy for Ague, Chills and Fever, &c., that has ever been discovered.

WM. McELEN.
CERTIFICATE FROM JAS. TURNER.
This is to certify that during the past year I have used your Vegetable Ague Medicine in my family for the last twelve months with the most happy effect. I have used them in chills and fever and have witnessed the good effects of the medicine in a great number of cases, and I have never known it to fail to perform a cure, and I do think Dr. Campbell's Pills, by far the best medicine I have ever known used in fevers.

JAMES TURNER.
Charleston, S. C., Feb. 5th, 1843.

ALSO,
DR. CAMPBION'S
Vegetable Anti-Bilious, Anti-Dyspeptic, Purifying and Cathartic Pills, possessing, from important causes, carefully and correctly combined one article to assist the effects of another for the benefit of the health of man.

This medicine is recommended to the attention of those afflicted with Liver Complaint, Dyspepsia, Dropsy, Bilious habits, Costiveness, Cholera Morbus, Rheumatism, Sciatica, Foul Stomach, Depraved appetite, Worms, Cordializes, (which is the pit of the stomach,) Jaundice, Headache and sick stomach, palpitation of the heart, Diarrhea, Nervous affections, Dysentery or Flux, Heart-Burn, White swelling, and all those diseases arising from impure blood.

THE NEW MIRROR,
EVERY NUMBER EMBELLISHED WITH
A Beautiful Steel Engraving.

EDITED BY G. F. MORRIS AND N. F. WILLIS.

Reasons for taking the New Mirror.
Three Dollars cannot buy so much of literary and pictorial value in any other shape.

Fifty-two highly-finished steel engravings are given in the course of the year.
The literary contents are the freshest and best that can be furnished by the experienced taste and industry of its editors.

The type and paper are not excelled by those of any other periodical.
A splendid book to bind and preserve in your hands at the close of the year, containing everything of current interest worth remembering, and many invaluable gems of literature and art.

A delightful winter to your family circle is such a Saturday paper.
By the year each number cost but five-pence, though there are in it sixteen pages of the choicest matter, and a picture such as could not be bought singly at the print-shops for less than two shillings.

It will cost you nothing to send your subscription, as postmasters are authorized to enclose it to the editors postage free.

The New Mirror is a novelty in letters and art. It is a Saturday paper, containing sixteen superbly-printed octavo pages, (enclosed in a neat cover,) and a costly and beautiful steel engraving. Fifty-two of these are given in the course of the year—two of them hitherto unattempted either at home or abroad—together with eight hundred and thirty-two closely printed pages of the choicest matter and all for the trifling and very disproportionate cost of three dollars a year to subscribers. It is edited with great care, and enriched with original papers from the best writers of the day. It is so gratifyingly every reader of taste, by cheerful sketches of society, tales of romance and humor, gossamer and gravities, domestic and foreign correspondence, wit and pathos, and literary, musical, and (occasionally) dramatic criticism. The very low price at which it is published places it within the reach of every one disposed to obtain a valuable, amusing and refined FAMILIAR JOURNAL published in weekly numbers, but also intended for preservation as a choice volume for the library, filled with the gems of literature and the fine arts.

Those who send the amount of subscription direct to the undersigned, will receive the paper by mail or otherwise with the utmost punctuality, and enclosed in strong wrappers, so as to preserve the engravings from injury. In most country places it is impracticable to have agents, but any person desiring to subscribe can have his letter, enclosing the amount, franked by the nearest postmaster, (who has the right and generally the courtesy to do so,) and by sending directly to the undersigned, all risk of disappointment will be avoided.

DR. SPENCER'S
Vegetable Anti-Bilious and
ANTI-DYSPEPTIC PILLS!

IT is well known that diseases often arise from a foul and disordered state of the stomach and bowels; and if this condition is promptly attended to and relieved, that health will be immediately restored. And nothing more effectual can be resorted to than two or three good active doses of purgative medicine; and there is nothing more suitable than pills of a proper character, which the public have in these vegetable pills the article presented to them, which possesses the qualities calculated to render the most important service in cleansing the alimentary canal; they will operate with sufficient force, and still with ease and safety; there is no ingredient in them that will render them dangerous as to taking cold, or cause any particular care in diet necessary. They have been used by the proprietor with abundant success in an extensive medical practice for many years.—He can therefore confidently recommend them to the public patronage. It is not vainly pretended that they will cure all diseases, but they will answer the purpose for which they are offered as well as any purgative medicine that can be produced; and by being taken when that description of medicine is needed, may save a person from threatened disease at a very small expense and without loss of time. A person can take them without any interruption of his customary employment.

Price only 25 cents a box.

Recommendation.
We do hereby certify that we have used Doctor Spencer's vegetable pills, and found them a safe and active purgative, attended with beneficial results, and we therefore recommend them to notice.

THE NEW WORLD,
A WEEKLY FAMILY JOURNAL OF
Popular Literature, Science, Art
and News.

EDITED BY PARK BENJAMIN.

Three Dollars a year in Advance.

PROSPECTUS OF THE SEVENTH SEMI-ANNUAL VOLUME.

Commencing July 8, and ending Dec. 30, '43. THE PROPRIETORS of this popular and widely-circulated Family Journal, announced with pleasure to their friends throughout the "boundless continent," that the Seventh semi-annual volume of "The New World" commences on the 8th of July, under more favorable auspices than any of its predecessors. Although the literary journals have of late multiplied, and in consequence of the new system of cheap books, the public have been continually supplied with intellectual entertainment, this well-established newspaper has been generously sustained, and seems to have lived none the less brightly in its early days. Much labor, and care, and expense have been bestowed upon it; and the proprietors, though extensively engaged in other publications, have never pretermitted their exertions to render "The New World" worthy of the success by which it has been attended. The abject pens

in this country have been employed to illustrate its pages, and, from the abundant sources of British genius, the reader has not failed to receive large measures of instruction and delight.

Thorough and extensive arrangements have been made for the future. The agency established in London, for the constant early transmission of all new and important books and periodicals, will be continued; and it is contemplated by the Editor to visit Europe in the Autumn, for the purpose of establishing a general correspondence on the Continent, and of engaging the valuable aid of some of the best writers of the Old World.

In addition to the attractions recorded below, the Seventh volume will contain a Romance by the late celebrated Dr. Maginn, entitled,
JOHN MANESTY,

THE LIVERPOOL MERCHANT.
Also a series of papers on the LITERATURE AND POLITICS OF FRANCE, by the Count d'Artois, Viscount of Chatterton, Cinq Mars, etc., translations of which will be made under the immediate supervision of the Editor; also, a Romance by Henry Cockton, Esq., author of Valentine Vox, Stanley Horn, etc., etc.

THE SISTERS.
which will be reprinted for the Illustrated London News, with all the beautiful engravings.

The latest and choicest gems from the riches of British Periodical and NON-COPYRIGHT LITERATURE, will continue to be given with promptitude.

ORIGINAL AMERICAN LITERATURE.—Our resources are exceedingly rich and abundant, and will be used with an unvarying hand for the gratification of our readers. We shall give more and better.

Original Tales and Poems
than any other American periodical whatever. Also, Essays on the various interesting topics of the day. The distinguished author of the Review of Hammond's Political History of New York will continue his interesting

Reminiscences of an Old Federalist, in which many of the most celebrated men who have adorned the past history of our country will figure. Also, by the same author, RETROSPECT OF THE STAGE, presenting criticisms, notices, and anecdotes of the drama, which will excite universal interest. Mr. Grand will continue his Letters on

GERMANY AND THE GERMANS, embracing a History of her Literature, Politics, Arts, etc. In the Department of
